

Zurich, March 2011

6% Performance in less than 3 months - ACT Currency Partners started well into 2011.

The well-established ACT PAMFX, a short-term discretionary currency strategy achieved year-to-date **profits over 6%** (net excess). Because of the successful track record ACT PAMFX was able to raise USD 30mln new assets from well-known institutional clients in 2010. The manager Jürgen Büscher believes that PAMFX is the perfect strategy to perform in the unpredictable currency market with his short-term opportunistic investment process.

With ACT Daily Dynamics, an additional currency-only strategy dealing with seed money from a major Swiss Private Bank, ACT continues its philosophy to grow further in products, talents and performance. The manager Daniel Geiser with his successful track record at Julius Bär is targeting 10-12% returns with a risk of less than 6%.

Currently ACT focuses on FX currency execution optimisation mandates for family offices and pension funds. With a volume of 50bn p.a. via prime brokers and the 13 largest execution banks, ACT provides reduced transaction costs for their clients resulting in savings of 0.1-0.2%.

On January 1st, ACT's Board of Directors has been extended by a new member who was appointed as chairman. The **new chairman of the Advisory Board** has gained a substantial knowledge in the FX market over the past 30 years.

In the course of its expansion, **ACT is looking out for a new Partner** specialised in Currency Relationship Management with access to Pension Funds, Family Offices and high net worth individuals. With its successful track record dating back more than 20 years the company has been able to gain profound experience and well established reputation in FX Options and institutional clients. Therefore ACT is the perfect platform for solid growth.

ACT Currency Partner AG is a currency and global macro specialist located in Zurich, Switzerland. Founded in 1992 the company looks back on a long and solid track record with a profound customer base including major European institutional investors.
